

BioLife Solutions Executes OEM Agreement with MilliporeSigma

Private Labeled CryoStor® Cell Freeze Media and HypoThermosol® Cell and Tissue Storage and Shipping Media Distributed to Worldwide Biotech Research Market

BOTHELL, Wash., Feb. 13, 2018 /PRNewswire/ -- [BioLife Solutions](#), Inc. (NASDAQ: BLFS), the leading developer, manufacturer and marketer of proprietary clinical grade biopreservation media ("BioLife" or the "Company"), today announced that it has executed an OEM agreement to supply its [CryoStor](#) cell freeze media and [HypoThermosol](#) cell storage and shipping media under private label to MilliporeSigma, the life science business of Merck KGaA, Darmstadt, Germany.

Mike Rice, BioLife President & CEO, commented, "We are very pleased to formalize our long-term relationship with MilliporeSigma. Since 2009, the MilliporeSigma marketing and sales organizations have demonstrated a strong ability to drive adoption of our proprietary biopreservation media products in the biotech research market. In 2017 alone, MilliporeSigma distributed our products to over 600 different customers. We look forward to continuing to support MilliporeSigma in our shared mission to drive a paradigm shift away from using home-brew biopreservation media to our engineered, pre-formulated GMP manufactured products."

About MilliporeSigma

The Life Science business of Merck KGaA, Darmstadt, Germany, which operates as MilliporeSigma in the U.S. and Canada, has 20,000 employees and 60 manufacturing sites worldwide, with a portfolio of more than 300,000 products enabling scientific discovery. Udit Batra is the global chief executive officer of MilliporeSigma.

Merck KGaA, Darmstadt, Germany completed its \$17 billion acquisition of Sigma-Aldrich in November 2015, creating a leader in the \$125 billion global life science industry.

Merck KGaA, Darmstadt, Germany is a leading company for innovative and top-quality high-tech products in healthcare, life science and performance materials. The company has five businesses – Biopharmaceuticals, Consumer Health, Allergopharma, Life Science and Performance Materials – and generated sales of €15 billion in 2016. Around 50,000 employees work in 66 countries to improve the quality of life for patients, to foster the success of customers and to help meet global challenges.

Merck KGaA, Darmstadt, Germany, is the world's oldest pharmaceutical and chemical company – since 1668, the company has stood for innovation, business success and responsible entrepreneurship. Holding an approximately 70 percent interest, the founding family remains the majority owner of the company to this day. The company holds the global rights to the name and the trademark "Merck" internationally except for the United States and Canada, where the company operates as EMD Serono, MilliporeSigma and EMD Performance Materials.

About BioLife Solutions

BioLife Solutions is the leading developer, manufacturer and supplier of proprietary clinical grade cell and tissue hypothermic storage and cryopreservation freeze media for cells and tissues. Our proprietary HypoThermosol® and CryoStor® platform of biopreservation media products are highly valued in the regenerative medicine, biobanking and drug discovery markets. These are serum-free, protein-free, fully defined, and formulated to reduce preservation-induced cell damage and death. Our enabling, embeddable technologies provides commercial companies and clinical researchers significant improvement in shelf life and post-preservation viability and function of cells, tissues, and organs.
