About BioLife Solutions

BioLife Solutions is the leading developer, manufacturer and supplier of proprietary, clinical-grade biopreservation media for cells and tissues. Our HypoThermosol[®] hypothermic storage and CryoStor[®] cryopreservation freeze media are highly valued in the regenerative medicine, biobanking and drug discovery markets. These novel biopreservation media products are serum-free and protein-free, fully defined, and are formulated to reduce preservation-induced cell damage and death; offering commercial companies and clinical researchers significant improvement in shelf life and post-preservation viability and function.
