

BioLife Solutions Completes Redemption of Series A Preferred Stock

Redemption eliminates annual cash dividend payment

BOTHELL, Wash., Nov. 27, 2018 /PRNewswire/ -- [BioLife Solutions](#), Inc. (NASDAQ: BLFS), the leading developer, manufacturer and marketer of proprietary [biopreservation media products](#) for cell and gene therapies, ("BioLife" or the "Company"), today announced it will redeem the remaining 3,187 shares of Series A Redeemable Preferred stock outstanding for \$3,187,000. There are no Series A shares remaining for future redemption.

The Series A shares were issued to WAVI Holdings AG, the Company's largest shareholder, in June 2017 in exchange for a previously issued promissory note.

Roderick de Greef, BioLife Solutions' CFO commented, "With our cash balance exceeding \$30 million, it makes sense for us to redeem the remaining Series A shares at this time in order to eliminate the 10% cash dividend these shares carry. The Company will save \$318,700 per year, or approximately \$0.01 per fully diluted share from the elimination of the Series A dividend payments."

About BioLife Solutions

BioLife Solutions is the leading developer, manufacturer and supplier of proprietary, clinical-grade biopreservation media for cells and tissues. Our HypoThermosol® hypothermic storage and CryoStor® cryopreservation freeze media are highly valued in the regenerative medicine, biobanking and drug discovery markets. These novel biopreservation media products are serum-free and protein-free, fully defined, and are formulated to reduce preservation-induced cell damage and death; offering commercial companies and clinical researchers significant improvement in shelf life and post-preservation viability and function.
