About BioLife Solutions

BioLife Solutions is a leading supplier of cell and gene therapy tools. Our proprietary [CryoStor[®]](#) freeze media and [HypoThermoso[®]](#) shipping and storage media are highly valued in the regenerative medicine, biobanking and drug discovery markets. These biopreservation media products are serum-free and protein-free, fully defined, and are formulated to reduce preservation-induced cell damage and death. Our recently acquired [ThawSTAR[®]](#) family of automated cell thawing products and [evo](#) cold chain management system reduce therapeutic and economic risk for cell and gene therapy developers by reducing the potential of administering a non-viable dose. For more information please visit www.biolifesolutions.com, and follow BioLife on [Twitter](#).
